

Engineered Above the Standard,
Built for the Uncompromising
BY CABIN MANAGEMENT SOLUTIONS

Elite HD Monitors

4K Elite LCD Monitor

Designed to fit. Engineered to perform. Built to impress.

ELITE® integrates a complete suite of HD monitors with an industry-leading A/V matrix switcher and modular audio-video inputs—delivering seamless performance for today's most advanced business jet interiors.

Precision-built for uncompromised quality and effortless operation

Signature Advantages

ELITE® is Cabin Management Solutions' high-definition in-flight entertainment system, engineered for uncompromising performance and seamless integration. Whether installed as a standalone retrofit or paired with the Evolve CMS ecosystem, ELITE transforms the cabin into a personalized media environment—delivering precision, elegance, and an exceptional passenger experience.
